## FRONTEND DEVELOPER

 rajeshff220375@gmail.com | +91 9894772407 |  Chennai | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

### PROFESSIONAL SUMMARY

Front End Developer with strong experience in software development and frontend engineering, specializing in building responsive, user-friendly web applications for IT services and product-based environments. Passionate about developing scalable frontend solutions using HTML, CSS, JavaScript, and React, while collaborating effectively in team-based development environments. Experienced in working on multiple projects across real-world development environments, with a strong interest in continuous learning and contributing to impactful software solutions in a global work environment.

### TECHNICAL SKILLS

**Frontend:** HTML5, CSS3, JavaScript (ES6), React.js (Basics), DOM Manipulation, Form Validation, Responsive Design.

**UI Frameworks:** Bootstrap, Tailwind CSS.

**Backend :** React.js (Basics – Components, Props, State).

**Databases:** SQL (CRUD), MongoDB.

**Tools:** Git, GitHub, VS Code, Chrome DevTools.

### PROJECT EXPERIENCE

#### Job Portal Website – Frontend Development

- Developed responsive and SEO-friendly web pages using HTML5, CSS3, and JavaScript.
- Implemented event handling, job search, and filter functionality using DOM manipulation.
- Built reusable UI components following mobile-first and UX design principles.
- Ensured cross-browser compatibility, accessibility standards, and optimized performance.
- Collaborated with designers to convert UI/UX designs into functional interfaces.

#### Key Skills:

DOM Manipulation, Event Handling, Responsive Design, Accessibility, UI Development

#### Mobile Service Shop Website — Online Booking Frontend

- Built a responsive booking interface using HTML, CSS, JavaScript, and Bootstrap.
- Implemented client-side form validation and improved user interaction.
- Applied CSS Flexbox, clean code practices, and reusable UI patterns.
- Tested across multiple browsers and devices to ensure consistency.

#### Key Skills:

HTML Semantics, CSS Flexbox, JavaScript Events, Browser Testing, UX Design

## **E-Commerce Product Store – Frontend UI (Optimized)**

- Developed a responsive e-commerce UI for product listing and cart management.
- Implemented add-to-cart, dynamic price calculation, and UI updates using JavaScript arrays and DOM updates.
- Improved application usability, performance, and security best practices on the frontend.
- Followed modular code structure suitable for scaling and future framework integration.

### **Key Skills**

JavaScript, State Logic, DOM Updates, Responsive UI, Web Applications

---

## **EDUCATION**

Bachelor of Computer Applications (B.C.A)

**2022 — 2025**

Sanghamam College, Annamalai University .

CGPA: 7.8

Higher Secondary Education

**2021 — 2022**

Kennedy Metric Higher Secondary School

CGPA:6.5

---

## **TRAINING & CERTIFICATIONS**

### **Python Full Stack Web Development**

**Besant Technologies**, Tambaram | May 2025 – Sep 2025

- Developed web applications using Python, Django, and Flask.
- Integrated frontend technologies with backend logic and REST APIs.
- Worked with SQL and MongoDB for CRUD operations.
- Hands-on experience in Selenium Automation, Web Scraping, and API testing.

### **HTML, CSS & React.js**

Error Makes Clever – Online Learning Platform

---

## **SOFT SKILLS**

- Passionate learner
- Team collaboration
- Communication
- Responsibility
- Adaptability
- Working in diverse team environments

## **DECLARATION**

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
